RIPPLE 193,
René Barba

The Ripple 193 pendant lamp is designed to create an enveloping and dreamy atmosphere in outdoor spaces. Made of Tyvek®, an exceptionally lightweight and durable material, the lamp features a texture reminiscent of crumpled paper, yet with the strength that makes it perfect for outdoor use. Rechargeable LED lamp, painted stainless steel frame. Induction charging base and remote control included. Adjustable brightness. 5V charger and USB-C cable not included. Power 3W. Degree of protection IP 67 (protected against brief immersion in water and completely sealed against dust and fumes).

Tyvek®: Tyvek® is composed of flash spun high-density polyethylene (HDPE). The result is a glossy white sheet that reproduces the appearance of paper. Thanks to its fibrous structure, it is tear-resistant and retains its characteristics even when folded. Tyvek® provides an inherent barrier to mould and other microorganisms. **Stainless steel 304:** Characterised by stability and strength, resistance to rust and a greater resistance to oxidation and corrosion, the stainless steel 304 is widely used in outdoor furnishings. The final treatment improves the stability to weather agents and to pollution. These products are not guaranteed when used in proximity of marine and/or chlorine environments. Directive 2002/96/EC (Waste Electrical and Electronic Equipment - WEEE): information for users. This product complies with EU Directive

2002/96/EC. The crossed-out wastebasket symbol on the appliance means that at the end of its useful lifespan, the product must be disposed of separately from ordinary household wastes. The user is responsible for delivering the appliance to an appropriate collection facility at the end of its useful lifespan. Appropriate separate collection to permit recycling, treatment and environmentally compatible disposal helps prevent negative impact on the environment and human health and promotes recycling of the materials making up the product. For more information on available collection facilities, contact your local waste collection service or the shop where you bought this appliance.
